

## PRODUCT INFORMATION

### COPPER FITTINGS

PRODUCT INFORMATION

Alloy	C12200 (DHP); C12000; C11000; C10200
Condition	Forged, Buttweld, Welded
Norm	ASTM, BS, DIN, EN/ISO and Equivalent
Size Range	6mm to 108mm (1/4" to 4")

#### Applications:

##### Plumbing Systems

Water supply lines  
Joint connections  
Underground water systems

##### Heating Systems

Hot water heating (hydronic systems)  
Boiler piping  
Solar water heaters

##### Refrigeration and Air Conditioning (HVAC)

Refrigerant line sets  
Mini-split and central AC systems  
Suction and discharge lines

##### Industrial Applications

Process piping in food, beverage.  
Chemical Industries  
Compressed air lines

##### Fire Protection Systems

Sprinkler systems in residential Buildings  
Commercial Building.

#### Properties :

Machinability	<b>Excellent</b>
Hot Workability	<b>Excellent</b>
Cold Workability	<b>Good</b>
