

## PRODUCT INFORMATION

### COPPER NICKEL PIPES & TUBES

PRODUCT INFORMATION

Alloy	C70600, CN102, CW35217 and equivalent
Condition	Drawn, Annealed, Seamless
Norm	ASTM, BS, DIN, EEMUA AND EQUIVALENT
Size Range	16mm to 914mm

#### Applications:

##### **Marine Industry**

Shipbuilding  
Marine Engineering

##### **Oil and Gas Industry**

Offshore Platforms  
Pipelines

##### **Electronics Industry**

Heat sink  
Cooling System

##### **Turbine and Generator system**

Power Plants

##### **Industrial Cooling System**

Cooling System

##### **Desalination Plants**

Desalination System

#### Properties :

Good Welding & Soldering Properties  
Good Cold Workability  
Good Thermal Stability  
Resistant to Stress Corrosion
