

PRODUCT INFORMATION

NYLON SHEET

PRODUCT INFORMATION

Material	PA6, PA66 AND Equivalent
Condition	Extruded
Norm	ASTM, DIN, EN AND EQUIVALENT
Size Range	1000mm X 1000mm & 1000mm X 2000mm
Thickness	0.5 to 25mm

Applications:

Industry Machinery

Wear Strips
Thrust Washers
Bearing & Bushing
Machine Guards

Mechanical & Engineering Parts

Gears, Rollers
Seals
Spacers, Shims
Chain Guides

Automotive & Transport

Engine Components
Under-hood Brackets
Vibration Dampers

Electrical Applications

Insulating Pads
Cable Clamps
Mounting Brackets

Construction & Structural Use

Sliding Supports
Spacer Materials
Protective Panels

Properties :

Excellent wear and abrasion resistance
High mechanical strength and toughness
Good sliding properties
Resistant to oils, greases,
Lightweight alternative to
Low noise in mechanical operations
Moderate UV resistance
