

## PRODUCT INFORMATION

### STAINLESS STEEL HOLLOW BAR

PRODUCT INFORMATION

Alloy 304/L, 316/L and Equivalent

Condition Extruded, Rolled, Centrifugal Casting

Norm ASTM, DIN, JIS AND EQUIVALENT

Size Range 3MM TO 450MM

#### Applications:

##### Hydraulic and Pneumatic System

Hydraulic Cylinders  
Pipes and Tubes For Fluid Transport  
Pneumatic Components

##### Automotive Industry

Axle and Shafts  
Suspension Components  
Exhaust System

##### Marine Industry

Marine Shaft and Propeller  
Marine Structural Components

##### Energy and Power Generation

Steam and Gas Turbine Components  
Heat Exchanger and Tubes

##### Mining and Heavy Industry

Mining Equipments  
Construction Equipments

##### Manufacturing Industrial Application

Machine Parts  
Hydraulic and pneumatic System

#### Properties :

Machinability	Fair
Hot Workability	Excellent
Cold Workability	Excellent
