

PRODUCT INFORMATION

STAINLESS STEEL PIPES

PRODUCT INFORMATION

Alloy 304/304L, 316/316L, 321, 904L, Duplex(2205)

Super Duplex(2507) & Equivalent

Condition Drawn, Seamless, Bright Annealed

Norm ASTM, BS, DIN, EN, JIS AND EQUIVALENT

Size Range 1/4" to 20"

Applications:

Chemical and Petrochemical Industries

Piping Systems
Reactors and Storage Tanks
Heat Exchangers

Oil and Gas Industry

Pipeline Systems
Offshore and Subsea

Water and Wastewater Treatment

Water Distribution Systems
Wastewater Treatment

Automotive Industry

Exhaust Systems
Fuel and Brake Lines

Energy and Power Generation

Nuclear Power Plants
Power Plant Systems

Marine and Offshore

Shipbuilding
Offshore Platforms

Aerospace

Aircraft Fuel and Hydraulic Systems
Rocket and Jet Engine Components

Properties :

Excellent Corrosion Resistance
High Strength & Durability
Temperature Resistance
Low Maintenance
Hygienic & Non Reactive
Good Aesthetic Appearance
High Pressure & Impact Resistance
Recyclable & Eco Friendly
