

PRODUCT INFORMATION

STAINLESS STEEL SQUARE BAR

PRODUCT INFORMATION

Alloy 304/L, 316/L and Equivalent

Condition Rolled

Norm ASTM, DIN, JIS AND EQUIVALENT

Size Range 5MM TO 80MM

Applications:

Fasteners and Hardware

Bolts and Nuts
Specialized Fastening Components

Fabrication & Manufacturing

Machine Components
Custom Fabrication

Construction & Architectural Applications

Support Beams and Frames
Windows and Doors Frames
Handrails and Railing System

Automotive Industry

Engine Components
Chassis and Suspension Parts

Aerospace and Aviation Industry:

Aircraft components
Aerospace Fasteners

Marine Industry

Boat and Ship Parts
Deck Fittings

Energy and Power Generation

Power Plant Components
Renewable Energy Equipments

Properties :

Machinability	Fair
Hot Workability	Excellent
Cold Workability	Excellent
