

PRODUCT INFORMATION

TEFLON(PTFE) TUBES

PRODUCT INFORMATION

Material	Polytetrafluoroethylene (PTFE)
Condition	Extruded, Molded, Rigid or Flexible
Norm	ASTM,BS,DIN, EN AND EQUIVALENT
Size Range	ID 1mm to 300mm
	OD 2mm to 320mm
Wall Thickness	0.5mm to 25mm
Length	1000mm to 2000mm

Applications:

Industrial & Chemical Applications

Chemical transfer lines
Corrosive gas or fluid transport
Lining pipes and hoses

Mechanical & Manufacturing Uses

Cable insulation in machinery
Lubrication-free sliding surface
3D printers and CNC machines

Electrical & Electronics

Wire insulation
High-frequency cable sheathing

Medical & Pharmaceutical

Catheters and surgical tubing
Fluid transfer in cleanrooms

Properties :

Combustibility	Non-Combustible
Chemical Resist	Excellent
Solubility	Insoluble in Water& Solvent
Oxidation Resistanc	Very High
Acid & Alkali Resist:	Excellent
